B	I-75N Woodstock R...	1	
C	I-75N Priest Road	1	
D	I-75N Glade Road	1	
E	I-75S Hwy 92	1	
F	I-75S Woodstock Road	1	
G	I-75S Wade Green ...	1	

American Signal's ITS Cloud Manager Software gives you full control of your entire PCMS fleet from a single screen. Group your signs by job, by user, or by territory. Assign your own designations for quick reference, or use the ID Amsig's ITS Cloud Manager provides you.

Auto-positioning via integrated GPS let's you know where your equipment is and the operational status of your signs. The simple color code system gives you an immediate idea about signs that need attention. Instant access to an individual sign provides diagnostic, positional, and display information.

American Signal's ITS Cloud Manager Software provides simple and easy-to-navigate control screens for message creation, while also giving you a full range of functionality and customization.

Quickly and easily setup Notification Groups to immediately learn about upcoming trailer voltage concerns and unauthorized movements.

Let us manage your Queue Detection System to provide messages based on speed, volume, or occupancy. Smart Work Zone management has never been easier for you with Amsig's ITS Cloud Manager.
