

Battery Lock Box and Shackle

by American Signal Company

Hardened solid steel hasp

- resists forcible attacks
- defeats attempts to pry and cut
- 9-1/16" long x 4-1/2" wide
- mounts with six 3/8" carriage bolts

Hidden Shackle Padlock features

- a 2-7/8in (73mm) wide reinforced die cast body that withstands forcible attacks
- a 3/8in (9mm) diameter boron alloy shackle
- The Lock body conceals the shackle, defeating attempts to pry and cut
- Rekeyable 6-pin cylinder with spool pins is virtually impossible to pick

Battery Lock Box

- 3/8 Galvanized steel bar (adjustable lengths available for any manufacturer)
- 3/16 Galvanized bar retainer attachable to substructure of frame
- Mounting utilizes 3/8 stainless Carriage bolt
- Optional locking mechanisms available upon request
